"During the Parthi 2016 pilgrimage, the World Youth Festival held early morning hikes to Hanuman Hill which were filled with amazing energy. We sang a few bhajans, and listened to some students share experiences of how Swami would often come and look over the Hill, even in the latter part of His life. The biggest take home message for me was that Swami had insisted Hanuman to be further up the hill than the other idols (Shiva, Ganesha) - Swami considers those with pure devotion to be higher than God Himself. This was such a powerful message, and till date, I have this Hanuman picture as my phone lockscreen. I also was blessed to have the opportunity to offer the Australian Sai Young Adults musical offering card with Bro. Srinivas. It was a surreal experience. I distinctly remember saying the words "The Sai Youth of Australia love you Swami", and I will cherish that experience forever." – Sasank, 20, Victoria

"The advantage in going on pilgrimage - you can develop your bhakthi (devotion), your shraddha (faith) and your sadhana (spiritual discipline) when you are surrounded by kindred aspirants."
